Name: David Orji

Address: Plot 235 Kunsela Road, Lekki, Lagos, Nigeria

Email Address: davidorji93@gmail.com

Phone: +234 705 926 0377, +234 808 205 3722

Professional Summary

A highly motivated Software Engineer with 5+ years of experience specializing in building responsive and scalable web applications using React, Next.js, Redux, and TypeScript. Passionate about delivering intuitive, visually engaging user interfaces, implementing efficient API integrations, and optimizing performance for seamless user experiences. Proficient in modern frontend technologies like JavaScript (ES6+), Tailwind CSS, and Zustand, with a strong foundation in SEO best practices, debugging, and version control. Adept at collaborating with cross-functional teams to develop and maintain high-quality, production-ready software.

Skills & Expertise

- **Frontend Development:** React.js, Next.js (5+ years), Redux, TypeScript, JavaScript (ES6+)
- **UI/UX Implementation:** Tailwind CSS, CSS3, HTML5, Styled Components
- State Management: Redux, Zustand, React Context API
- API Integration: RESTful APIs, Axios, Fetch API
- Performance Optimization: Lazy Loading, Code Splitting, Image Optimization
- **SEO & Accessibility:** SEO in Next.js, Web Vitals, Lighthouse Audits
- Version Control & Collaboration: Git, GitHub, GitLab
- Testing & Debugging: Chrome DevTools, Jest, React Testing Library
- **CI/CD & Deployment:** Vercel, Netlify, GitHub Actions

Work Experience

- Developed and maintained scalable and responsive web applications using React,
 Next.js, Redux, and TypeScript.
- Translated Figma UI/UX designs into pixel-perfect frontend components using Tailwind CSS.
- Integrated RESTful APIs and implemented state management using Redux and Zustand.
- Conducted performance tuning and reduced app load times by up to 30%.
- Used Lighthouse and Web Vitals for accessibility and SEO enhancements.
- Actively contributed to CI/CD workflows using GitHub Actions and deployed on Vercel.

Software Developer | ITEX Integrated Services

2020 – 2022 | Lagos, Nigeria

- Designed and built dynamic and interactive user interfaces using React.js, Redux, and TypeScript for fintech and enterprise solutions.
- Implemented responsive layouts and ensured cross-browser compatibility, improving user engagement across mobile and desktop platforms.
- Integrated RESTful APIs with Redux Thunk and handled complex application state transitions efficiently.
- Conducted code reviews, optimized components for performance, and improved page load speeds by up to 25%.
- Collaborated with backend developers to debug and resolve API-related issues, ensuring seamless data flow across systems.
- Contributed to the creation of reusable UI components, improving code reusability and reducing development time.
- Participated in Agile/Scrum ceremonies, sprint planning, daily stand-ups, and retrospectives.
- Used Git for version control, managed pull requests, and maintained clean Git workflows across feature branches.
- Helped mentor junior developers, providing guidance on React best practices and project structure.
- Contributed to internal documentation and onboarding guides, increasing team

onboarding speed by 30%.

Software Developer Intern | Supersoft Technologies

2019 – 2020 | Lagos, Nigeria

- Contributed to several React and Next.js projects from concept to deployment.
- Implemented frontend logic and features using Redux and Context API.
- Participated in project architecture discussions and sprint planning.
- Developed reusable components and contributed to documentation.
- Debugged and optimized code performance, improved codebase maintainability.
- Took part in early-stage product prototyping and internal tool development.

Education

Bachelor's Degree in Business Administration

Afe Babalola University, Ado-Ekiti, Ekiti State, Nigeria | 2014 – 2018

Technical Stack

- Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3
- Frameworks & Libraries: React.js, Next.js, Redux, Zustand, Tailwind CSS
- APIs & Databases: RESTful APIs, Firebase, Supabase
- Tools & Platforms: GitHub, Vercel, Netlify, Figma
- **Testing & Debugging:** Jest, React Testing Library, Chrome DevTools
